

Virtual Quiz:

Here are some top tips to help set up a virtual quiz!

1. Choose a date
2. Choose your virtual platform - when choosing your platform, think about how many people will be taking part. For a smaller number of guests, Zoom, Houseparty or Google Hangouts are good options and for larger numbers, consider Twitch or Facebook Live.
3. Consider how you are going to collect entry fees / donations - online fundraising sites like JustGiving are perfect for this or you can ask people to pay you directly via Paypal
4. Get your guest list together and send out invitations. Don't forget to include all essential information like the online login details and start time. Encourage your guests to gather a team together; the more, the merrier!
5. Plan your quiz - decide how many rounds, subjects, tie breakers and prizes for the top quiz brains! Think about how you are going to mark answers to ensure there's no cheating! You could set up a quiz WhatsApp group or email where players can submit their answers.
6. Need some inspiration for your quiz questions? These sites that have samples questions:
